chen121760.github.io

Guangdong University of Technology

M.S. in Materials Physics and Chemistry

Guangzhou, Guangdong, China

## Skills

|                  |                                                            |
|------------------|------------------------------------------------------------|
| Programming      | Python, Bash, LaTeX                                        |
| Software & Tools | VASP, Quantum ESPRESSO, USPEX, SISSO, MatterSim, OriginPro |

## Education

|         |                                                                                              |
|---------|----------------------------------------------------------------------------------------------|
| 2027.06 | School of Physics and Optoelectronic Engineering, <b>Guangdong University of Technology</b>  |
| 2024.09 | M.S. Candidate in Materials Physics and Chemistry                                            |
| 2024.06 | School of Chemical Engineering and Light Industry, <b>Guangdong University of Technology</b> |
| 2020.09 | B.S. in Applied Chemistry ( <b>Exemption from graduate entrance examination</b> )            |

## Honors & Awards

- Graduate Elite Talent Program, Guangdong University of Technology
- First-Class Graduate Scholarship (2024, 2024–2025), Guangdong University of Technology
- Third Prize, South China Undergraduate Physics Experiment Competition (2022)
- Second Prize, Guangdong Division of the National Mathematical Contest in Modeling (2022)
- Outstanding Student Scholarship (2020–2023), Guangdong University of Technology

## Research Experience

|         |                                                                                                                                                                                                                                                                                                                                                        |
